## Truckee Ready For Colfax Tilt Here On Sunday

### Infield Shows Up Better Despite Loss on 4th At Placerville

**Sunday promises to be the outstanding baseball day of the season with the Mountaineers entertaining Colfax of the Placer-Nevada League on the Truckee field. The two teams are traditional rivals and each is supported by a huge following of fans.**

It will also be Rotary Day at the game with the Rotary Club attending in a group following a picnic at Donner Lake where the club will be hosts to the Lions and their families preceding the game.

Over the holiday, Truckee won a game from the Roseville AC's 19 to 5 at Truckee and lost at Placerville 10 to 3, but still occupy ninth place on the percentage ladder, despite a lot of good playing.

**Pitches Good Game**

Karl Kielhofer pitched against the AC's here and was found for only four hits, none prior to the sixth inning. Eddie Ulsheimer led again in hitting with four for five, one a triple, a two-bagger and two singles. Bill Black, who replaced Lujan in left field in the 7th, clouted a homer but in sliding home injured his left ankle.

Larry Baxter banged out a triple and two doubles in five times at bat and Martin got three for six, a triple and a double.

Truckee scored 11 runs in the sixth inning when 15 batters went to the plate.

**At Placerville**

With Black injured and Kielhofer lame because of the local game, Manager Baxter put a new man, Larry Crockett of Sacramento in to pitch at Placerville on the Fourth. Crockett is an old time chucker and after a rather bum start in the first two innings, tightened up and with the air-tight support of the infield, the game was better than the score would indicate.

Placerville got only 13 hits off Crockett. Martin and White tied for hitting honors for Truckee, the latter getting a triple and a single in three attempts and White banging out a double and a single in three trips. Rossi, Placerville right fielder, hit four for five and batted in six of the 10 runs.

The local team played near errorless ball in the field and accounted for two double plays, Ulsheimer to White to Martin.

## Lane Farrar Sergeant At Far East Air Basé

Lane L. Farrar, serving with the United States Air Force on Okinawa, was recently promoted to the rank of sergeant. Sgt. Farrar has been stationed at the 6303rd Air Terminal Squadron, 51st Jet Fighter Wing, 20th Air Force, since June 28, 1948. As an air transportation technician, Sgt. Farrar's duties consist of supervising loading, unloading, balancing and stowing of cargo in the aircraft that land at Naha Air Force Base.

Sgt. Farrar completed basic training at Lackland Air Force Base at San Antonio, Texas. He was then stationed at Kearney Air Force Base before being transferred to the Far East Air Force.

Prior to enlisting, Sgt. Farrar was employed by the Truckee-Tahoe Lumber Company. He is the son of Mr. and Mrs. F. A. Farrar of Truckee.

## Movies of Cuban Trip Shown as Lions Meet

Motion pictures taken during his winter vacation in Cuba and through the United States were shown at the meeting of the Lions Club last night by Norman Mayfield. Visitors included Joe McNeilly of Reno, Jack Thomas of Sacramento and Vernon Brile of Sacramento.

B. W. Reynolds, installed last week as president of the club, presided for the first time. Sunday the Lions and their families will join with the Rotary Club at a picnic at Donner Lake prior to the Colfax-Truckee baseball game.

## Assessment In County Shows Gain For Year

### Local School District In County Valued At $3,360,000

The total assessed valuation of Nevada County for 1949-50 totals $24,211,930, according to figures released by County Assessor P. G. Scadden, which are now being studied by the board of supervisors for the purpose of levying taxes and making appropriations.

Of this total the net assessed valuation of property outside the municipalities is $10,062,900, cities accounting for $4,564,910.

The total for the county represents an increase of $1,033,230 over the last fiscal year, the report shows.

The Truckee School District, including Donner Trail and Floriston schools, is assessed for $3,360,670, according to the report.

Other local assessments included the Truckee Sanitary and Fire District at $657,560 and the Truckee Fire District at $37,430. The local sanitary district assessment is $62,810.

The tentative value of public utility rolls for 1949-50, fixed by the state board of equalization, is given at $9,548,090.

Supervisor H. G. Loehr went to Nevada City yesterday where he meets with the board as a board of equalization and for the purpose of fixing the tax rate and allocating the funds to the various districts and county projects and offices.

## OFFICERS REPORT QUIET 4th OF JULY IN THIS DISTRICT

This area experienced an uneventful Fourth despite the fact that there were thousands milling around the region.

Constable N. F. Dolley reports that there was not even a drunk arrested over the holiday and the highway patrol said that not a single injury accident was recorded anywhere in the district.

Two Reno men, Floyd Barger, 24, and Floyd McMullen, 29, occupying the same car, paid $150 and $50 fines respectively when they were found guilty of drunk driving before Justice of the Peace R. N. Little.

It appears Barger got into difficulties near McIver's turn west of here and his car headed in the wrong direction. McMullen took over to straighten out the situation and found himself off the road about the time State Patrolman George Schrom took a hand and locked both in the local jail.

John Lily and Raymond Flay, transients, were arrested Tuesday for being drunk and panhandling on the street. Lily was sentenced to 15 days in jail and Flay was given 30 days by Justice Little.

## Attendance Record for Local Schools Revealed

Walter A. Carlson, Nevada County superintendent of schools, this week released figures on the average daily attendance in the county's schools for 1948-49 as compared with 1947-48.

In this area Floriston had 12 pupils in the year just ended and none the year before. The Truckee elementary school showed an increase from 126 to 145 while the ADA at Meadow Lake Union High School dropped from 37 to 34.

## Holiday Driver Cited After Minor Mishap

Following a minor accident seven miles east of Cisco Monday, Clarence Skaurud, 58, Colfax, was cited by State Patrolman Roy Stollard for drunk driving and will appear before Justice of the Peace Charles Crowe at Alta. No one was injured.

**Over from Portola—**

Mr. and Mrs. Max McGwinn and daughter of Portola were Truckee visitors on the Fourth.

## All-Time Traffic Record Set On Highway Here

### Quarantine Station Here Clears 6599 Vehicles During Holidays

**Travel over Highway 40 into Truckee set a new all-time record for the weekend of the Fourth, according to records kept at the state quarantine station here.**

**W. C. Gage, in charge of the station, said a total of 6,599 vehicles were checked through the station going west during the three-day holiday. This compares with 5,915 for the same period in 1948.**

**The check showed 6,371 automobiles, 100 stages and 128 commercial vehicles.**

**The figures do not include local cars as the count is kept only on the vehicles which are going into the central part of the state or further.**

## SANITARY BOARD IN NEED OF FUND FOR SYSTEM HERE

The Truckee Sanitary District is studying possible ways and means of financing improvements on the local sewage disposal system.

Secretary Fred Morris states that state department of health officials have recently inspected the plant here and found it critically in need of improvement. Morris reports sewer pipes are seeping and breakage is increasing each year. In addition, he says, the present system is overloaded and the disposal plant is inadequate to handle the peak loads.

On the other hand, a statutory limitation on the district tax rate does not permit sufficient income to make the necessary repairs, he says. The possibility of a small bond issue is being considered, Morris says.

## MRS. KAMP STAYS AS SECRETARY OF LOCAL CHAMBER

Further discussion of plans to install large, rustic signs at the approaches to Truckee and a proposal to paint parking areas along the main street featured Tuesday's luncheon meeting of the chamber of commerce. Earl Stice presided.

Mrs. George Kamp, who previously had declined to serve as secretary of the group because of the stress of business at the Truckee Public Utility District where she is also employed, accepted the nomination on a temporary basis. At the same time it was announced that the office of the district will continue to be used by the chamber.

Director Jack Wolert, chairman of the membership committee, said that he will call on potential members during the coming week.

The next meeting will be held Monday at noon at Sarge's and everyone interested is invited to attend to offer suggestions for the improvement of the chamber.

## Summit Scout Camp Will Open on Sunday

Over one-third of the Boy Scouts of the Tahoe Area Council have registered for Camp Pahatsi summer camp near Soda Springs, it was announced today by Scout Executive Raymond J. Ewan, who will serve as camp director. The one-week session from July 10 to 17 has been filled to capacity and only about ten vacancies remain to be filled for the two-week program from July 17 to 31.

A group of Senior Scouts are at Camp Pahatsi this week under the leadership of Ewan, assisted by Ralph Baker, putting the camp in readiness for the summer and laying out hiking trails.

**SILVER TEA**

The Wyethia Club silver tea will be held tomorrow afternoon between the hours of 2 and 4 o'clock in the R. N. Little residence.

## Power Company Planning Large Program In Area

### Million Dollar Pole Line Off Donner Summit Is Started

Actual work started yesterday on construction of a new million dollar power line over the Sierra. The announcement was made by Frank Tracy, president of the Sierra Pacific Power Co. which is doing the work.

This will be the third transmission line connecting the Sierra Pacific system with that of the Pacific Gas and Electric Co. and preliminary work has been going on for some time.

Alignment surveys are already completed, rights-of-way negotiations are in the final stages and crews have been working for several weeks on access roads, clearing out timber and brush.

Contract with Peterson Engineering Co. covering installation of pole structures, crossarms, guy wires and insulators was entered into June 28 and actual work on the pole line construction started yesterday. Tracy said the line is expected to be complete and in operation by October and the total cost will approach $1,000,000.

The new circuit will extend from Donner Summit to the Mogul plant, seven miles west of Reno on the Truckee River, via Dog Valley and will tie in with a similar one now being built by PG&E from its Drum plant to Donner Summit.

The line is designed for operation at 120,000 volts and will tie in directly with PG&E's network of transmission lines connecting its 71 hydro and steam generating plants having a total capacity in excess of 2,000,000 kilowatts or 2,700,000 horsepower. The capacity of this new line will be 50,000 kilowatts, equal to 67,000 horsepower. That is 25 per cent more than the present peak load on Sierra Pacific's California and Nevada system and equal to the total capacity of the two existing lines which will still be retained in service.

The new circuit will consist of three hard-drawn, stranded copper cables slightly more than one-half inch in diameter, suspended from strings of insulators supported by steel crossarms mounted on two-pole H-frame structures. Poles will vary in height from 50 to 65 feet; distance between structures will average about 500 feet.

The project includes a large sub-station to be built near Verdi which will contain three huge transformers weighing 40 tons each and a number of large switches and lightning arrestors. Many pieces of substation apparatus will also be installed at the Mogul plant.

This new high voltage line will more than double the available power supply and will give sufficient capacity to take care of the estimated power requirements for the area served by the company for the next 10 or 15 years, Tracy said.

## Red Burlingham Buys Station from Eaton

A. E. (Red) Burlingham, well known Truckee resident, has purchased the interests of H. S. Eaton in the Union service station at the west approach to Truckee and is already in charge of the station. Eaton is leaving on a brief vacation but will return to Truckee. Burlingham is a veteran, having served with the SeaBees in the Aleutians during the war.

## Health Department Is Set Up for Lake Area

Placer County has established a full-time health department to improve sanitation in the Lake Tahoe area. Health inspectors are suggesting ways of improving summer home and resort sewage disposal systems and establishing public dumping areas for refuse.

## Sun Beams

by Walter M. Barrett

In spite of the fact that this entire area was filled with vacationists and travelers over the weekend of the Fourth, there was not a single major accident recorded. This is a fine record and proves beyond a doubt that careful driving is the essence of safety on the highway. A check at the quarantine station showed that an all-time record for travel was established and probably due to the fact that the roads were filled everyone used more than average care. If this same care is used every day, it will minimize accidents.

Not advertising is like putting all your merchandise in a back room—you know what you have but no one else does.

We noticed a person the other day carrying a bag of debris along the street. She walked past two refuse cans and then dropped her parcel on the sidewalk. It seemed that it would have been much more convenient to have used one of the cans but evidently she didn't care whether the street is clean or not. Even if an extra step or two is necessary, please do your part to keep the streets as clean as possible.

## REWARD POSTED FOR KILLER OF TAHOE REALTOR

Hotel and casino owner Sanford Adler yesterday posted a reward of $1,000 for the person who provides information that results in the solution of the slaying of Walter Hempel, pioneer Lake Tahoe and Pasadena realtor.

Hempel was last seen alive at Adler's Cal-Neva Lodge by the lake a few hours before he was found dead in his parked car on June 28. He had been shot in the head by a .22 calibre pistol.

"I'm interested only in seeing the murderer brought to justice," Adler said.

Police are virtually clueless after three weeks of investigation.

## State Officials Study Tahoe Fish Problems

AL TAHOE— A group of state fish and game officials were guests of Frank Globin here over the 4th of July weekend while they made a study of fishing problems at Lake Tahoe. The group included Seth Gordon, consultant for the California wildlife conservation board; Alan Taft, chief of the bureau of fish conservation, and William Silva, president of the California fish and game commission.

Gordon stated that ways must be found found to provide more catchable fish for the waters of Lake Tahoe and surrounding territory. He indicated they would recommend to the wildlife board revised hatchery programs in the Tahoe area to help bridge the gap.

The officials also visited the Echo Lake and Desolation Valley area where a check dam project will be started soon.

## Officer Is Hurt As Car Wrecks at Gap

Col. Jack Naylor, USAAF, Res., of Reno was slightly injured when his car went out of control and wrecked near Yuba Gap Tuesday afternoon about 4:30. Naylor hit his face in the crash and loosened several teeth and suffered painful lacerations about the mouth and jaw. He was taken to Dr. L. D. Nelson for treatment.

According to the driver, a tire blowing out was the cause of the accident. A passenger riding with him escaped injury.

**Celebrates on 4th—**

Steve Besio, son of Mr. and Mrs. Angelo Besio, celebrated his third birthdate on Independence Day, Monday, July 4.

## Davis Denies His Boat Hit Injured Swimmer In Lake

### East Bay Auto Dealer Surrenders Tuesday To Coast Guard

RENO— Phil Davis, wealthy automobile dealer, Tuesday surrendered to federal authorities in Oakland on charges he piloted a speedboat on Lake Tahoe which took off the feet of 13-year-old Imogene Wittsche last week.

After his arraignment, Davis issued a flat denial that his boat was involved in the tragic accident.

United Press reported Davis surrendered to U.S. Commissioner Cameron Wolfe, waived preliminary examination and posted cash bail of $1,000. His next appearance will be in Sacramento before a federal district court.

Davis was specifically charged by the U. S. Coast Guard, which has jurisdiction over Lake Tahoe, with operating a speedboat on inland waters in such a way as to endanger life.

The defendant said he had no knowledge of the accident until informed of it by a deputy sheriff at the boat dock.

"I know nothing about the accident," he said. "I did not feel a bump or thud and neither did my two passengers."

The closest he recalled coming near to any swimmers was coming back on the inshore turn when he saw two girls "swimming about 90 feet shoreward of us."

"They waved and the ladies in my boat waved back."

"I feel I am being convicted before any kind of trial. Untrue accounts of the accident have appeared."

He added when he learned he was suspected in the tragedy he gave a deputy sheriff the key to his boat and asked him to impound it.

Davis' story conflicted with that of the Coast Guard which said Davis' boat not only struck Imogene but swung around and passed through the same area again.

## GRADE ONE POST IN LOCAL SCHOOL FILLED BY BOARD

Mrs. Ulah F. Brown, who last year taught at Salinas, has been employed as first grade teacher at the Truckee elementary school for the coming year, according to Everett O'Rourke, superintendent of the Tahoe Truckee Unified School District.

The employment of Mrs. Brown, residing for the summer at Tahoma where her husband is working as a chef, fills the faculty roster for the schools in the district, O'Rourke said. There will be five teachers at the Truckee elementary school and five at the high school this year.

The board of directors of the district will hold their regular meeting Monday at the Donner Trails school where among other business, the proposed new high school plant will be discussed. It is hoped to have the survey and architect's report so that plans can proceed toward construction at Meadow Park west of Truckee which was chosen as the site.

**Stockmen Here—**

The W. M. Cavitt family of Loomis and Mr. and Mrs. J. E. Joerger of Shingle are here for the summer.

**Birthdate on 6th—**

Rolland Gautsche celebrated his birthdate on Wednesday, July 6, by attending the Reno Rodeo last weekend.

**Guests from Midwest—**

Guests for the fortnight at the home of Mr. and Mrs. John Rau are Knute Salvesen and daughter Donna Jean of Bismark, N. D.

**Visits Wilsons—**

Mrs. Howard Reed of Beverly Hills is a guest of her son-in-law and daughter, Mr. and Mrs. Fosten Wilson.

**One Year Old—**

Kathleen Diane, daughter of Mr. and Mrs. William Currier, was one year old Tuesday, June 28.

## Forest Fire Near Town Controlled By Local Crews

### Forty Volunteers Join Forestry Men To Curb Blaze

Forty hastily recruited fire fighters from Truckee yesterday afternoon augmented the suppression crew from the local forest service station to bring a threatening forest fire two miles northeast of Truckee under control after only four acres of heavily wooded land had been burned over.

The fire was located between Highway 89 and US 40.

Cause of the fire was not known but is being investigated by Ranger E. E. Boehm and other forest service officials here.

A more serious forest fire, in a canyon east of Sierraville and one and a half miles northwest of Babbitt Peak, also was brought under control.

The latter blaze burned over 60 acres of heavy timber, including considerable dead wood. This fire started Friday. Yesterday only a patrol remained on duty.

## CARDINAL NAMED COMMANDER OF TRUCKEE LEGION

Members of Truckee Post 439, American Legion, on Tuesday elected Heslin Cardinal as commander to succeed Frank Giovannoni. Chosen to serve with the new commander were Erv Waters, first vice commander; William Campbell, 2nd vice commander; William Curran, adjutant; Wayne Philippi, finance officer; John Rau, chaplain; Earl Stice, sergeant at arms; E. D. Waters, custodian.

Installation will be held on Tuesday, July 19, with George Melody of Winnemucca as installing officer. Melody is a departmental officer of the Legion in Nevada.

## SOLONS SEEKING U. S. PATROL FOR WATERS OF LAKE

A legislative resolution passed this week by the California state assembly asked for a U. S. Coast Guard safety patrol for Lake Tahoe.

By Assemblyman Francis C. Lindsay of Loomis and 26 others, the resolution asks federal officers "to take such steps as may be necessary to provide necessary men, equipment and authorization to the Coast Guard to enable it to adequately patrol Lake Tahoe."

The resolution came as the result of the recent accident in which the feet of Imogene Wittsche, 13, of Roseville were severed by a motor boat while she was swimming.

"In recent months at Lake Tahoe there have been many instances of reckless and wanton operation of speed boats which have endangered the lives of swimmers and boaters," the measure stated.

## Eastern Star Leaders To Practice on Friday

Guests at the regular meeting of Truckee Chapter No. 116, Order of Eastern Star, included J. D. Anderson and Louise Anderson of Berkeley and Wm. B. Teall and Clara L. Teall of Golden Gate Chapter No. 1 in San Francisco.

Practice for all officers will be held on Friday, July 8, at 7:30 in preparation for initiation on the next regular meeting, July 19.

## New Schedule Outlined For Rythmn Band

Due to the large number of children attending Rythmn Band it will be necessary to divide the class on this Friday, July 8. The two and three year olds are asked to come at 9:30 and the four and five year olds will come at 10 a.m.

## Lake Women's Potluck Called Off, Meeting Set

TAHOE CITY— Mrs. Jeanette Mitchell, president of the Women's Club of Tahoe, announced that a pot luck dinner scheduled for July 21 on the Tahoe Commons has been called off and instead an important business meeting will be held in Community Hall on that date. All members are asked to attend.

**Happy Birthday—**

Tommy Dolley, son of Mr. and Mrs. N. F. Dolley, was 11 years old on Friday, July 1.

# North Tahoe

by T. BURROUGHS

**BUSY BALL PLAYERS**

The North Tahoe Softball team played five games within a week. First meeting the 7up team of Carson City on the evening of June 27 and winning by a score of 7 to 3. Next our boys met the South Lake Tahoe outfit, the strong Tahoe Tropics team, and lost 13 to 9. The next three contests were played at home on the Brockway golf course—double header on July 3 and a single on the Fourth. Our club took a beating. First of the double header games was was won by the Class A championship team which plays under the banner of Lowe's Realtors of Palo Alto—score 7 to 3. Second game found our team on the short count 6 to 4. The third game was lost with a score of 8 to 5. All three were quite interesting to watch and hot dogs and soda pop were sold at a stand operated by three beautiful young wives of our players. The club thanks Mrs. Bill Martin, Mrs. Harvey Martin and Mrs. Bill Althof who so efficiently dished out refreshments.

The next game will be a red hot one between the Nevada Highway Department and North Tahoe—a night game—Friday, July 8, at Carson City.

**CHAMBER OF COMMERCE**

The Lake Tahoe Chamber of Commerce's latest booklet is out and those who have seen it say that it is very good. Fred Perley, secretary-manager, is quite proud of this achievement in so short a time.

**CHURCH NEWS**

Reverend Zimmerman, pastor of the First Methodist Church of San Luis Obispo, will speak in the new outdoor chapel at the end of Bear Street in Kings Beach next Sunday at 11 a.m. This will be the first meeting to be held in the outdoor chapel. Church School is at 10 a.m. and Sunday Worship at 11.

**CIRCLE JULY 12**

Those planning to attend the basket picnic sponsored by the WSCS and having no transportation, please call Brockway 222J or Crystal Bay 182. The group is to meet at the Truckee short cut at 11:45 a.m. from which point they will be directed to the picnic grounds "High on a Hill" in beautiful Tahoe Estates. Bring a friend, cup, fork, spoon and sandwiches. We're going to have a lovely time.

**PRINCIPALLY PERSONAL**

Have you seen that brand new Nash Pappy Brooks is driving?

Florence Miles is visiting with a couple of her sisters in Arcadia and Fullerton, near Los Angeles. I don't believe Mulford likes batching, says he isn't feeling so well and will be glad when Florence gets back home this weekend.

Nikki Ann, small daughter of Kay and Otis Wing, is spending this summer with her Grandmother Vilicich of Marshall in Marin County. Mr. and Mrs. Wing enjoyed a short visit with Mrs. Wing's mother when they took Nikki Ann down last Thursday.

Bonnie and Bill Baes of Horse Shoe Lodge are afoot right now while their Buick is in Reno undergoing a major operation. It met with the Jim Mandeville truck on the highway between Tahoe Vista and Kings Beach and came out of the clinch with a badly bashed in front.

A. P. Cushman and family of Pasadena vacationed over the Fourth holidays at Bates' Horseshoe Lodge. Cushman is vice president of the Sears and Roebuck Company.

Mildred and Snowden Burch were happily surprised when their daughter and son-in-law, Mr. and Mrs. Harold Knight of Mountain View, with their little daughter, Barbara Jean, dropped in over the 4th of July weekend. Grand Millie, as Mildred is fondly called by her little granddaughter, was jubilant as she talked with me about their glad surprise.

Snowden gave Mildred quite a fright last week when suddenly became ill. Dr. Keys was called in and Snowden is feeling much better under his treatment.

Peggy Jones is back home after a short stay in a Reno hospital. You'd never think Peg had been away for minor surgery. I don't believe she lost her happy smile for a moment.

An honored guest in the A. E. Abbott home is Elizabeth Lescault, an accomplished musician. Miss Lescault is pianist at the Bakersfield high school and college, organist for Hopson Mortuary and pianist at the Evelyn Pentzer Modern School of Dancing where, just before coming to the lake for a rest, she played for and directed a recital given by 260 students.

Mr. and Mrs. Hugh Bradley, with their daughter, Mrs. Melba Jo McGregor, and her daughter Robyn, all of Los Angeles, are also guests of the Abbotts. Other guests in the Abbott home are Mr. and Mrs. L. Hendsch of Bakersfield where Hendsch is a building inspector. This is their third vacation at Tahoe and, of course, they want to make it their home. Can you blame them? We wish you success, Mr. and Mrs. Hendsch.

Guests of the J. W. Van Hoosier's over the weekend were Marie Wheeler of San Francisco, a sister, and Mrs. Annie Van Hoosier of Los Angeles, mother of the host. Marie likes it so well here that she has decided to extend her visit.

In the Jerome Little home as guests are Jean's mother, Mary Pelley, brother Don with his two small sons, Ronnie and Bobby.

Mr. and Mrs. Jim Mortensen of Modesto and Bobby Burnen of San Leandro were visiting the Dave Halls over the 4th.

Dorothy O'Brien was pleasantly surprised to greet former school friends on July 5 when Truman Funderberg and sons, John and Richard, and Mr. and Mrs. Chase Harper of Pomona visited her at Kings Beach. The Funderberg family are guests at the Harper home on Truckee River.

# Tahoe Region Could Double Population Without Much Effect On Water Supply

by WESTERN NEWS SERVICE

Increasing population around Lake Tahoe will have little effect on water supplies in the foreseeable future, according to a joint California and Nevada state engineers report of a survey of the area.

In the distant future, the effect may be minor, the report indicated.

**Groundless Fears**

The investigation was initiated by the Nevada legislature, and was undertaken as the result of downstream water users along the Truckee River becoming fearful that as the Tahoe area becomes more built up, increased use of water around the lake would decrease the flow of the Truckee River to the point where power generation and irrigation would suffer.

The report was signed by Alfred Merritt Smith, Nevada, and State Engineer Edward Hyatt, California.

It indicates that the population of the Lake Tahoe area in 1948 was at a maximum during July and August, average 27,500 for the two months, with 24,000 people on the California side and 3,500 on the Nevada side.

Engineers estimate the total annual use of water around the lake in 1948 was 5,190 acre feet with 2,000 acre feet diverted to the American River watershed at Echo Lake for power generation, 2,400 acre feet used for pasture irrigation and the balance for irrigation of lawns, golf courses and for domestic uses.

**Could Double Population**

The report reaches the conclusion that with double the population in the Tahoe area, the increase in actual consumptive use of water would amount to only 250 acre feet per year additional. This is equivalent to a depth of one-fortieth of an inch over the 120,000 acre water surface of Lake Tahoe, the report said.

Based upon experience over the past 35 years, the California Division of Water Resources has found that a season per capita allowance for water use varies from five gallons per day for a camp ground with poor water facilities to 50 gallons per day for a dwelling with plumbing throughout and having an adequate water supply. On the assumption that future development will tend toward higher types of dwellings with adequate water facilities, the per capita use of water has been taken as 50 gallons per day for purposes of the report.

**200,000 Possible**

"Various estimates of the future population around Lake Tahoe have been made," the report states. "It appears than the population may double in 25 yeass. Assuming that if what now appear to be feasible building sites were occupied, the ultimate population could be in the order of 200,000 persons during July and August.

"The Lake Tahoe region is primarily a recreational area. future development will progressively require additional housing units and perhaps additional golf courses. Such facilities may ultimately occupy all the livable area around Lake Tahoe to the exclusion of presently irrigated meadow lands and a considerable area of native vegetation."

Touching on sanitation, the surveyors concluded, "Population growth at Tahoe will create sanitation problems in connection with sewage disposal which will call for careful consideration to prevent pollution of water supplies."

**Population by Areas**

For purposes of the survey, the lake was broken into 26 population areas. Among these the Brockway-Kings Beach led all others in population, hitting a peak of 2,802 in August, 1948. Adjoining Tahoe Vista recorded 1,522 in July.

Tahoe City fluctuated from 228 in January to 1,575 in August. Lake Forest hit a high of 654 in July and August while Ward Creek came to 875 in July.

At the south end of the lake, Al Tahoe had 2,841 for July and August while Bijou tallied 2,166 and 2,161 for the two months.

Population figures were obtained for each month throughout the year. The figures for camps and resorts were in general taken from the records. For homes no records were available and a census was taken. Fairly accurate information was secured as to the number of people occupying homes during the non-tourist season but during the tourist season when accurate information was not available, estimates had to be made. In such cases it was assumed that each home would be occupied by four people during July and August and two people in June and September. The assumption was based upon averages for the housing units for which accurate information was available.

How 'safety-circle' driving cuts down accidents

"Know your safety-circle!" is an important lesson taught Standard of California drivers...and perhaps it can be helpful to you.

Your safety-circle is the distance you need to meet an emergency situation—a car stopping suddenly ahead, for example. Our drivers get a special test which tells them exactly how fast they react, but in general, it takes the average person a full second to see a hazard, think what to do and act. So, driving on a clear road, at 30 miles an hour, you should stay at least 7 car lengths behind the car ahead; when you drive 45 miles an hour, stay behind 13 car lengths.

More than 5,000 Standard drivers have studied this and many other safety principles in our Driver Training Program, besides passing thorough visual examinations. Last year, they drove 41 million miles with an accident rate 60% lower than the national trucking fleet average.

## TAHOE ITEMS

Mrs. J. Lewis and Maurice Garber of Hollywood visited Thursday till Tuesday at the home of the former's son and his wife, Mr. and Mrs. Raymond Lewis of Tahoe City.

Mr. and Mrs. Rodney Yeakel are now occupying the former Shipley home in Lake Forest for the summer. The pair were wed in Faith Lutheran Church, Fair Oaks, on June 18 and spent their honeymoon in Carmel and Los Anegels. The bride is the former Betty Jean Buchanan of Roseville.

Mrs. Sara Himes of Piedmont, sister of Mrs. Ward Knapp of Lake Forest, has returned home following a week's vacation at the Knapp home. Mr. and Mrs. Richard Yeakel of Oakland spent the weekend at the Knapp home.

Mr. and Mrs. Leslie Follar of Rocklin and son David were holiday guests at the Ray Frazier's home in Lake Forest.

Linda Darnell, Hollywood film star, was a guest at Tahoe Tavern on Monday of last week.

Mr. and Mrs. Ray Prusso and family of Long Beach spent the 4th of July holidays at the Prusso home near Carnelian Bay. Mrs. Ruth Ables of Auburn brought them to Tahoe in her new car.

Guests at Schlueter's Cabins for the month of July are Mr. and Mrs. Albert Stevenson of Long Beach who were accompanied by their daughter, Mrs. Ethel Severson and son Corky.

## Marie Henry Named T.B. Ass'n Director

TAHOE CITY— Mrs. Dorothy Oakes of Loomis, president of the Placer County Tuberculosis and Health Association, has appointed Mrs. Marie Henry of Tahoe City a director of the unit.

The organization's mobile x ray unit will visit the Tahoe area for two days this summer, one day at Kings Beach and one at Tahoe City. Dates will be announced later.

## Tahoe City, Kings Beach Swim Classes Start

TAHOE CITY— Children of the Tahoe City and Kings Beach area are reminded to attend the free swimming classes which are being provided by Red Cross from July 7 to 23. Morning classes are held in Kings Beach and afternoon classes from 2:00 until 5:00 at the Tahoe City Common. All children are entitled to attend.

## Woodland Breakfast at Homewood Resort

HOMEWOOD— Mr. and Mrs. C. Don Huff hosted a Woodland Breakfast at their Homewood Resort on the past weekend for friends from their valley home town.

Others present were Dr. and Mrs. Austin Clark, Mr. and Mrs. Leroy Buck, Mr. and Mrs. Jack Henley, Mr. and Mrs. Kenneth Laugenour, Mrs. Isabella Ray, Mr. and Mrs. Bob Traynham, Mr. and Mrs. Robert Brown, Mr. and Mrs. Sidney Epperson and children, all of Woodland, and Judge and Mrs. Richard Little of Truckee, also former Woodlanders.

The Eppersons were en route home from New York where he attended the Rotary International convention.

**AT CRYSTAL BAY**

Among building permits issued in Washoe County, Nevada, during the past month was one to T. H. M. Taylor to build a summer cabin at Crystal Bay, Lake Tahoe, for $1,200.

## Two Tahoe Families Welcome Sons on Holiday Week End

TAHOE CITY— Two new citizens arrived in the Tahoe area over the 4th of July holiday weekend. First was the 6 pounds and 9 ounce sone of Mr. and Mrs. Joe Pomin of Tahoe Pines who was born at the Tahoe Vista Clinic of Dr. John Keys on Friday, July 1.

An 8 pound 4 ounce son, named Scott Bennett, for the Herb Mattheus of Tahoe City was born in a Reno hospital on Sunday, July 3, just ten minutes before the 4th of July.

Both mothers and sons are reported doing fine with fathers investing heavily in cigars for distribution to friends.

## Outdoor Chapel Filled For July 3 Service

TAHOE CITY— An excellent indication of the large crowds which visited the Lake Tahoe area over the 4th holiday weekend is found in the record attendance at the Outdoor Chapel of the Pines near Tahoe Tavern on Sunday. Bishop Noel Porter, who officiated, reported 275 persons present. Mrs. Elizabeth Woods of Berkeley was guest organist and Miss Betty Burke of Sacramento was soloist.

On Sunday, July 10, Mrs. Georgia Sandy of Oakland will be organist and Mrs. Joseph Woodruff of Sacramento vocal soloist.

## Newlyweds Honeymoon at Lake Forest Home

TAHOE CITY— Friends are learning of the recent marriage in Reno of Vivien McKinnen and Walt Franklin who slipped away quietly a week ago and were wed by Justice of the Peace Laurence Layman. Both are employed in Los Angeles and are honeymooning in the McKinnen cottage in Lake Forest.

## Pleasant Weather For Throngs on Holiday

TAHOE CITY— The lake level on Monday morning stood at 6225.41 with 426 CSF of water leaving the dam at Tahoe City. Coldest day of the week before was on June 29 with 35 degrees and warmest was July 1 with 78.

Crowds of vacationers swarmed th concrete bridge at the Tahoe Wye to watch the large trout in the secluded water between the dam and the bridge.

## Noted Science Writer Visits at Home of Daughter and Family

TAHOE CITY— A noted visitor and his wife were guests at the Tahoe City home of their daughter and family last week. They were Mr. and Mrs. Orsino C. Smith of Los Angeles who were houseguests of Mr. and Mrs. Charles Warner.

Smith is a petroleum and chemical technologist who has written several books of extreme value, his latest, a handbook on minerals published by D. Van Nostrand Co. of New York, reputed to be the most attractive and valuable ever published. It contains full information on all known minerals with every step in identification and analysis clearly explained and illustrated in color photographs.

The author is superintendent of the Vinvale Refinery of the Richfield Oil Co., vice president of the Pacific Mineral Society and past president of the Los Angeles Mineralogical Society.

## State Funds Voted for Ski Area Development

SACRAMENTO —(W. N. S.)— Use of state park funds for construction of skiing facilities in state parks and small boat landings at state owned beaches was approved last Friday in the state legislature. The assembly completed action on the bill drafted by Assemblyman A. W. Way of Eureka and sent it to the governor for his signature.

## Tahoe Letter

FROM SWANEE

Tahoe City, July 4th

Dear Tanoeites:

I start my weekly letter to you on the evening of July 4th and am happy to report that, to this hour, I have heard of no accidents, collisions or wrecks of any description. There may be a good reason for the lack of automobile wrecks and that is the line of cars is so long and continuous that everyone almost has to stay in line as there is little chance to pass on most of Tahoe's winding highways. The general public has behaved extremely well, up to this writing, and may have learned that taking things a little easier is conducive to longer life. At any rate the record is excellent as far as I can learn up to this point. Will check in the morning and hope it continues so.

The weather was beautiful over the holiday weekend, with just a slight breeze blowing to cool the fevered brow of those coming up from the hot valleys. Resorts were packed and cars from just about every state in the Union visited our area. Money is not as free as during the boom years but crowds of vacationists flocked to the Lake Tahoe area and the beaches were filled.

The fashion show and aquacade held at Tahoe Tavern during this afternoon drew several hundrd and among the notables was columnist Herb Caen from San Francisco. Harry Pierson's famous water formations thrilled the crowd, as did the lovelies who modeled the latest in sports wear for Roos Brothers' Shop at the Tavern. It was a sunny, langourous day and Al Wallace and his great name band furnished music both for the fashion show and the aquacade, both of which have become annual events to thrill the colorful crowd at the Tavern pool.

Residents of the Tahoe City area are reminded to drop into Anderson's store, Judge C. W. Vernon's or Carl Bechdolt's service station in town if they wish to sign the petition requesting an election on the installation of a new sewage disposal system for the community. More signatures are needed before the petitions can be mailed in.

The many friends of Mrs. Bliss Hinkle will be pleased to learn that she continues to improve in University of California Hospital in San Francisco and is gaining weight daily. Since high school is out in Tahoe City, her husband, Dr. George Hinkle, who assisted in teaching during the last few weeks in her place, has joined her in the bay city.

Mr. and Mrs. Ray Frazier of Lake Forest were disappointed over the holidays when their son Jimmie and his wife and little son Eddie could not join them at Tahoe for their daughter Linda's birthday on June 27. They had planned to make the trip from their home in Los Angeles but Jim caught mumps from his son and was confined to bed for three weeks. Linda has been vacationing with the Fraziers for some time.

House guests of the Phil Geiers of Tahoe Park are Mrs. Geier's cousin, Mrs. Dorothy Archibald of Glendale, and Mrs. Jean Gantt and son Dickie also of the southern city. The Gantts have taken a cottage at Tahoe Pines and will remain for the summer while Mr. Gantt is employed here.

Speaking of the Geiers reminds me, Phil went fishing a few Sundays ago up one of his favorite creeks. He got a nice mess of fish but arrived home to tell the old familiar story—the biggest one of all got away. His family smiled and let it go at that. Yesterday he went back to his favorite hole again and this time he got the coveted trout, a 16-inch eastern brook. To prove his story, the fish still had the spinner he lost the first time clamped securely in his mouth. Looks like some of those fish stories can be true once in a while!

So far Tahoe's good traffic record stands and everyone prays it will remain so for the summer. Will ring off for the week with the best of good wishes to all. As ever, Swanee

## Stanley Dollar Victor In Detroit Races As 125,000 People Watch

Word from Detroit is that R. Stanley Dollar, commodore of the Tahoe Yacht Club, was the winner of the third running of the Detroit Memorial Trophy speedboat event on July 4th.

Dollar's Skip-A-Long of California scored a statistical victory over Such Crust I piloted by Jack Shafer. Skip-A-Long won the first heat of the 45-mile race and Such Crust the next two. Mechanical difficulties had forced the challenger out of the first lap, thus ending any chance at victory.

About 125,000 persons witnessed the race in the Detroit River. A 21-mile wind caused choppy water and rough going for the first two heats.

## Schlueters Celebrate 6th Anniversary on 4th

TAHOE CITY— Mr. and Mrs. Theodore Schlueter of Tahoe Park observed their sixth wedding anniversary on Monday, July 4, with a dinner at Forest Inn. Their guests were Mr. and Mrs. Clyde Rickman.

The evening was somewhat clouded when Rickman suffered a heart attack. Fortunately two doctors were guests at a neighboring table and offered first aid. A visit to the office of Dr. C. B. Pedersen at Tahoe Tavern brought immediate relief and the attack was not serious.

## Tahoe City Legion Holds Election as Randolph Renamed

TAHOE CITY— American Legion Post 718 at Tahoe City Tuesday night elected officers for the ensuing year. Commander Al Randolph was re-elected to serve another term with the following: Charles Henrikson, first vice commander; Pete Vanni, second vice commander; James D. Baker, adjutant; Jim Williamson, finance officer; Oliver Corona, sergeant at arms, and Dennis Sach, chaplain. The executive committee consists of Douglas Smith, Charles A. Swanson, Verne Bartell and Oliver Henrikson.

Retiring officers are Bartell, 1st vice; Jay Shontz, 2nd vice; Corona, adjutant; Bob Pomin, finance officer; Dick Carnell, sergeant at arms and Steve Korich, chaplain.

Chief project of the post is to secure funds from the county for a new veterans building on Tahoe Commons, funds for which are slated to be available sometime in 1950.

Easy TO CUT FOOD BILLS

this MODERN ELECTRIC way

Do you know about "cold pack" canning of fruits and vegetables? It is easy to do the simplified electric way. And you will be surprised and pleased with the money you can save on foods you preserve yourself.

Here is how it is done with the hard work made easy by the modern electric range. You wash the fruit or vegetables. Then place them in the jars on a broiler pan. You put the jars and pan in the oven of the electric range cold and process in the jars. The electric range oven with its automatic temperature control simplifies other canning methods because it eliminates pre-heating of the jars and the tiresome watching and stirring while preserving.

The modern electric range with heat that is measured with the accuracy of electricity can simplify all of your cooking. Come in and learn the facts about electric cookery. You can afford to cook this clean, accurate, time and money-saving electric way.

## Little Diference Seen In 4th Traffic Toll Compared With 1948

SACRAMENTO —(W. N. S.)— Traffic accident deaths in California over the Fourth of July holiday weekend increased one over 1948, the California Highway Patrol reported Tuesday.

There were 25 persons killed on the highways this year, the patrol said almost complete reports from all counties showed, while last year, for the same holiday period, 24 persons dieq in accidents.

The patrol said there were 343 reportable accidents on the highways last weekend with 588 persons injured.

Drunken driving decreased slightly, with 131 arrests this year compared to 136 in 1948. Other arrests, including speeding, however, rose sharply, with 4535 citations against 3041 last year.

At the same time, the state division of forestry said the Fourth of July proved to be one of the safest in history from the standpoint of fires.

## Floriston

by C. A. FELESINA

* * *

FLORISTON— Jesse A. Patton of Reno was awarded a free lot here on July 4. The lot was given by Mr. and Mrs. Preston L. Wright to help stimulate interest in the townsite and only non-residents were eligible for the award.

Of human interest is the announcement by Mrs. Thomas McLaughlin that they have sold their home to Marco Yurich. Yurich was born in the McLaughlin house and has many early memories of the place. In the basement he was able to find and show to Mr. and Mrs. McLaughlin the old spit upon which his father used to barbecue his meat.

Mrs. S. B. Buckner had as her guests over the holidays Mr. and Mrs. Spero Anargyros of San Francisco.

Mr. and Mrs. Byron Miller's son Paul and daughter Carol are home for the summer from San Jose where they attend school.

Max McCurdy was hove visiting his parents, Mr. and Mrs. J. A. McCurdy for the holidays. On returning to Sacramento he was accompanied by his sister, Francine, who will visit there for a week.

Joe Davagon Jr. of Turlock is visiting at the home of Les Holmberg.

Visitors at the Bob Whittenberg home are Bob's sister and brother-in-law, Mr. and Mrs. Elmo Smith of Sacramento.

Mrs. H. C. Savage and son-in-law and daughter, Prof. and Mrs. Charles Seufferle, have returned from an extended trip through southern California.

Mr. and Mrs. John Nix of San Francisco were callers at the Frank Seymour home.

Mr. and Mrs. H. C. Savage had as their guests over the weekend Mr. and Mrs. A. N. Bartel of Fallon and Mr. and Mrs. John Northrup of Hawthorne, all former residents of Floriston. The Northrups were accompanied by Mrs. Northrup's parents of Hammond, Indiana, who had just arrived by United Air Lines for an extended visit.

Mr. and Mrs. Lester Felesina have as their guests Mr. and Mrs. John Talley and children of San Jose and Mrs. Marjorie Thies of San Francisco.

New residents at Floriston include Mr. and Mrs. Jesse Marble, Mr. and Mrs. Gordon Mack, Mr. and Mrs. A. Mobley and Mr. and Mrs. Joseph Feeley.

## Friends Join Tahoe Lad In Birthday Party

TAHOE CITY— Fred Holt, son of Mr. and Mrs. George W. Holt of Tahoe City, hosted a weiner roast on the Tahoe Commons on the evening of June 29 on the occasion of his 16th birthday. Those attending the affair included Bob French, Irwin Rosenblatt, James Morhain, Pat English, Borue O'Brien, James Erickson, Dorene Quam, Blodwyn Tiffee and Myra Lee Pollitt, all of Tahoe; Joe Tuttle of Los Angeles; Joe Koenig and Bill Williamson of Long Beach.

### POLIO REPORT

## Walnuts Added to List By State Quarantine To Protect Large Crop

SACRAMENTO —(R. N. S.)— In a campaign to protect California's valuable walnut groves, the state department of agriculture has extended its nut-tree insect quarantine regulations to include a virus disease, known as brooming disease, now found in several eastern and midwest states. Trees attacked only moderately by the virus soon become worthless for nut production, it has been observed.

Importance of the California English walnut crop is evidenced by the fact that the state's 114,020 bearing acres last year produced 61,000 tons of marketable nuts which had a value of $27,267,000. California has about 87 per cent of the bearing English walnut acreage in the nation.

## My Place In the Sun

by DOUG BARRETT

Went to The City over the 4th weekend.....the wife, the girls along with Bill and Carrie Preston and the twins.....Visited with Bill's mother, Vira Preston..... his brother Jim and wife Lois .....and Tom Griffen and his recent bride Betty.....Ran into Geo. and Mary Pace and Joe Bick in front of DeYoung's in Golden Gate Park.....and all asked to be remembered to the friends they left in Truckee.....A fine weekend, thoroughly enjoyed.....but so home and down the street.

Truckee has three radio stations—W6UHR, W6GMI and W6 GMM.....these are the call letters for Hamateur radio men Bill Reisinger, Cecil Clepper and Loren Vertner respectively.....Mrs. Harry Digesti, naturalized on May 2 in Sacramento, was in our office to register to vote this week.....and with her was her sister-in-law, Mrs. G. Pierotti, of Albany, who used to be my old classmate, Flori Digesti, now of Albany.....The wide blue ribbon on the door at Mattheus Furniture a real badge of pride for Herb and Helen on the arrival of an heir.....Mrs. Della Kiley of Lancaster, Ohio, is a guest of her son in law and daughter, the Hal Gilsons of Church St..... Billy Gaiennie is quite the family hero after rescusing his cousin Mavon Sykes from a water-filled hole.....Willard Painter doing a stint at the Merc during summer school recess.....Wonder how many of you realize that Ivy Tackett, our lady butcher, is an accomplished marathon swimmer when she's in training..... Bill Black, who chipped his ankle stretching out a home run, in the Roseville AC game last Sunday, says he hopes he can get into the Colfax game come Sunday.....I wouldn't have believed it but Tuesday night I saw Joe Mattos' cat scale about 12 feet of brick wall to get into the family's apartment window.....

## GODDARD HEADS TAHOE PARKERS AFTER ELECTION

TAHOE PARK— The Tahoe Park Association held the annual meeting Sunday, July 3, with 20 members present to elect new officers and discuss improvement plans for the district.

A. H. Goddard was named as president; Leonard C. Winter, vice president; and new directors are Charles B. Moore, L. A. Gunther and Mrs. Charles Snook.

The directors were authorized to proceed with construction of a weir on the park beach to protect the shore line from damaging erosion which is tending to wash away the beach and to undermine the trees. Today the directors were scheduled to meet with Jerome Barieau, Placer County road commissioner, regarding repair of roads in the district which have been neglected, the directors said. Efforts will also be made to have a 35 mile speed limit inaugurated for Tahoe Park and discussions will be held with federal forest officials regarding the invasion of pine beetles and mistletoe.

A speed boat ruling to protect bathers and small craft is being sought by the association.

## CROWDS BEING TURNED AWAY FROM PARKS

SACRAMENTO —(W. N. S.)— Campers "by the hundreds" are being turned away from California's state parks for lack of facilities, officials of the state division of parks and beaches reports following a field trip throughout the state.

The division has made 2,124 camp sites available to the public in 37 state parks from the Oregon line to southern California, according to its folders.

A camp site as defined by the division is a location on which a stone fireplace has been erected, a table and cupboard furnished the camper.

Officials said work on additional campsites is proceeding as fast as possible.

# Tarzan

by EDGAR RICE BURROUGHS

WITH A CRASH MAN AND BEAST CAME TO EARTH. NUMA SNARLED AND ROARED SAVAGELY BUT THE MAN-THING CLUNG TENACIOUSLY TO HIS BACK.
THE WARNING CRY OF THE GREAT APES MINGLED WITH THE ROAR OF THE LION AS A NAKED WHITE GIANT DIVED HEADLONG OUT OF THE TREES.

STEPPING INTO THE TANGLE OF BRANCHES BESIDE THE TREE-MAN, TARZAN PUT A SHOULDER BENEATH THE TREE AND SLOWLY STRAIGHTENED. THE WEIGHT SLOWLY LIFTED, AND THE TREE-MAN CRAWLED OUT.

"I AM TARZAN," THE APE-MAN REPLIED. "I SAVED YOU SO THAT YOU MIGHT GUIDE ME TO THE COUNTRY OF THE ONONOES."

GMS

THAT !#@:%?! SEA-APE SPOTTIN' MY COAT WITH MUD LEAVES ME NO CHOICE--- I GOTTA **BLEND** THEM STAINS SO **NONE O' 'EM'LL SHOW!**

**HEY, HAROLD, LOOK!**

**J. PIERPONT GROGGINS!!!** YOU GALLANT OLD GOAT, YOU --- I AIN'T **NEVER** BEEN SO FLATTERED IN MY ENTIRE **FIFTY YEARS** O' STREET-CROSSIN'!

HI, ADDIE—I'LL GET THIS RAG OUT O' YOUR WAY IN A MINUTE, IF YOU AIN'T IN TH' MOOD T' MAKE A RUNNIN' **JUMP** FOR IT!

GASP! **LOOK AT THAT,** MR. HANGNAIL—A **REINCARNATION OF SIR WALTER RALEIGH!**

NOTE HIS SUAVE OLD-WORLD MANNER! JOE, THAT OLD BUM IS A 20TH CENTURY **PRINCE CHARMING!** GET THAT OLD BATTLE AXE MELTING INTO A A **SIMPERING COQUETTE** BY HIS **SENSATIONAL CHARM!**

YOU MEAN T' TELL ME, YOU MISERABLE, UNSANITARY OLD TRAMP-- THAT YOU **AIN'T AIMIN' T' LET ME WALK ACROSS THAT MUD PUDDLE ON YOUR COAT!?!**

THIS MAN IS THE MOST STUPENDOUS DISCOVERY SINCE **LASSIE**--HE'LL ABSOLUTELY PULVERIZE EVERY GRAND-MOTHER'S HEART IN THE NATION!

HE'LL SURELY BE THE VAN JOHNSON OF THE **EARPHONE SET!**

WELL, I'M CROSSIN' THIS PUDDLE WITH YOU IN THE MUD OR **OUT** OF IT!

T-THIS I **CAN'T** (CHOKE!) BELIEVE!

HE'S (GASP!) OUT SIR WALTER RALEIGHING **SIR WALTER RALEIGH!**

# HIX'S STRANGE as it seems

THE **HONEYBEE** IS MORE VALUABLE FOR THE POLLINATION OF AGRICULTURAL CROPS THAN FOR THE PRODUCTION OF HONEY!

AT LEAST **50** CROPS ARE DEPENDENT ON THE HONEYBEE... THOUGH POLLINATION IS ACCOMPLISHED BY OTHER INSECTS, HONEYBEES DO MORE THAN 80 PERCENT OF THE WORK AND NO PRACTICAL SUBSTITUTE HAS BEEN FOUND!

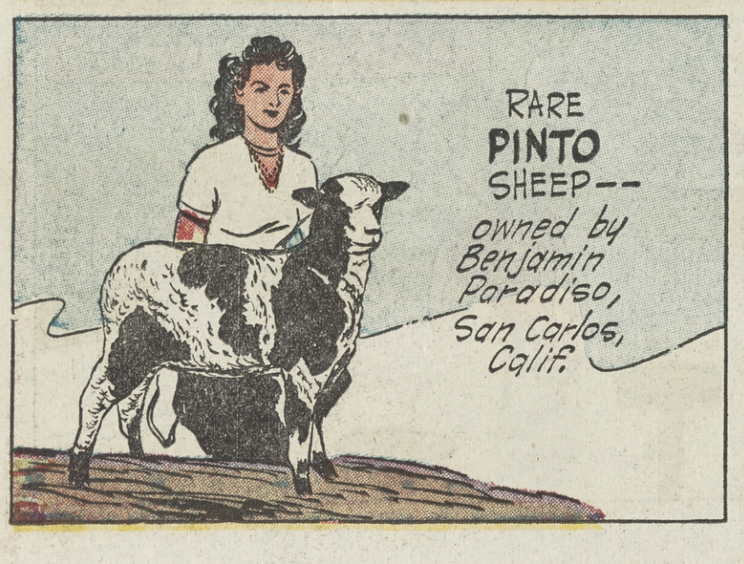
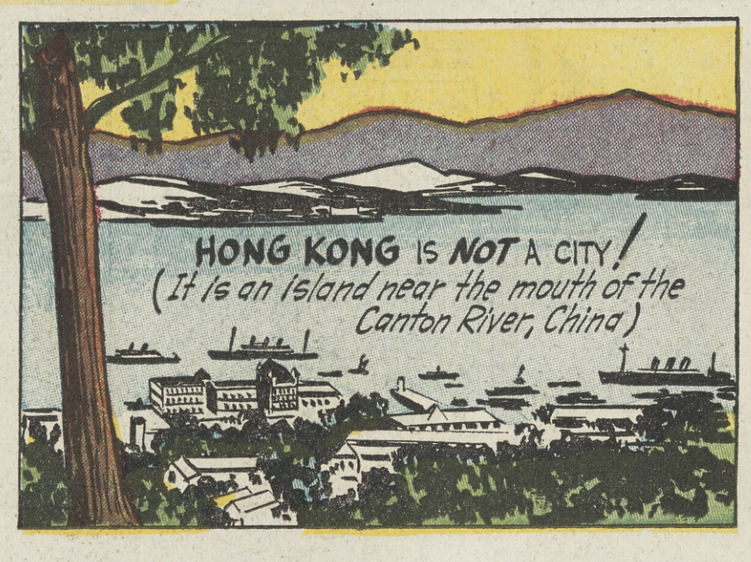
**JOANNA TROUTMAN** MADE A LONE STAR FLAG IN GEORGIA... IT WAS CARRIED TO TEXAS BY A REGIMENT OF VOLUNTEERS AND LATER RAISED OVER THE FORTRESS OF GOLIAD TO CELEBRATE THE DECLARATION OF FREEDOM FROM MEXICAN RULE! (*March 8, 1836*)



RARE **PINTO** SHEEP-- *owned by Benjamin Paradiso, San Carlos, Calif.*



**HONG KONG** IS ***NOT*** A CITY! (*It is an island near the mouth of the Canton River, China*)

**NICOLO PAGANINI,** *famous violin virtuoso,* ONCE **GAMBLED** AWAY HIS VIOLIN! HE BORROWED A BEAUTIFUL GUARNERIUS WHICH WAS LATER GIVEN TO HIM BY ITS OWNER AFTER HEARING HIM PLAY-- IT BECAME HIS FAVORITE INSTRUMENT!

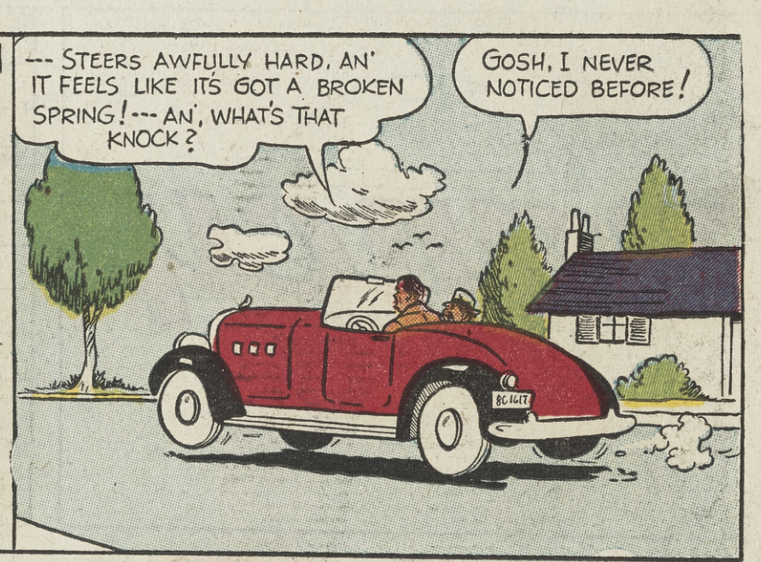
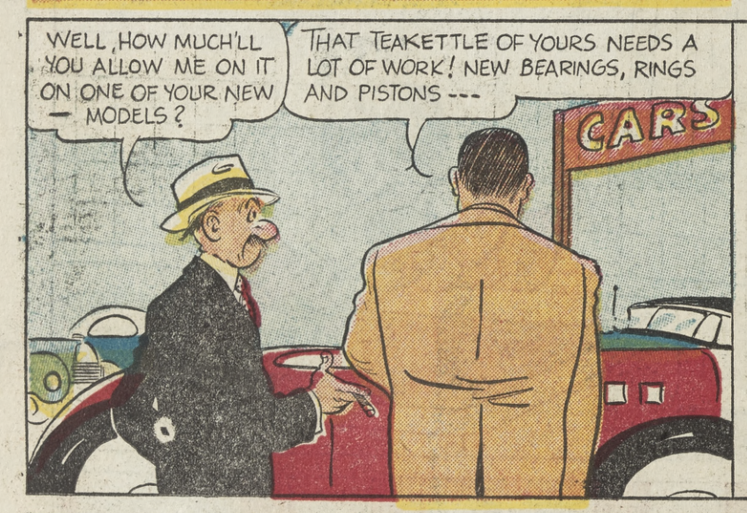
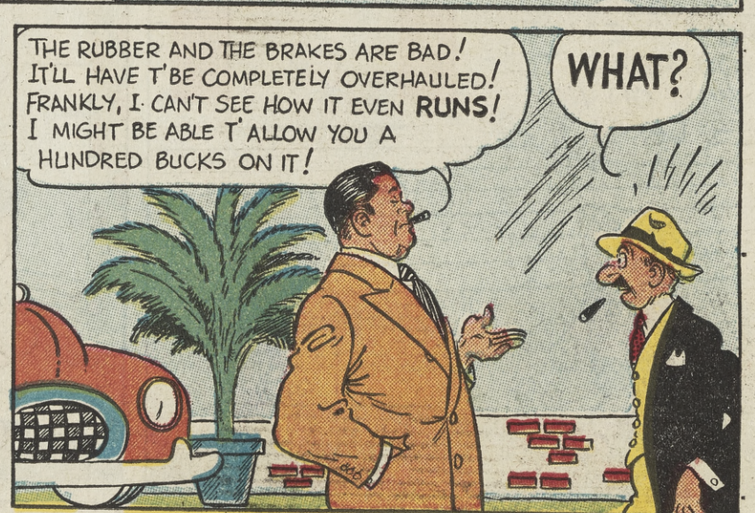
I'M INTERESTED IN BUYIN' ONE OF YOUR ATOMIC EIGHTS! HOW MUCH WILL Y'ALLOW ME ON MY OLD CAR?
HMM! NOT MUCH T' LOOK AT, IS IT? WELL, LET'S DRIVE IT 'ROUND TH' BLOCK!





WELL, HOW MUCH'LL YOU ALLOW ME ON IT ON ONE OF YOUR NEW — MODELS?
THAT TEAKETTLE OF YOURS NEEDS A LOT OF WORK! NEW BEARINGS, RINGS AND PISTONS ---
CARS



THE RUBBER AND THE BRAKES ARE BAD! IT'LL HAVE T' BE COMPLETELY OVERHAULED! FRANKLY, I CAN'T SEE HOW IT EVEN **RUNS**! I MIGHT BE ABLE T' ALLOW YOU A HUNDRED BUCKS ON IT!
